

1500T Series

1500 T

Model:

1500 T

Performance Zones:

Multiple

Features:

Zero Entry Lift

Multiple Water Depths

Current:

Advanced Water Current

DESCRIPTION

1500 T

The 1500 T SwimEx pool features a zero-entry lift that doubles as an exercise and treatment area. It provides easy pool access, a multi-water depth work station, and ultimate hydrotherapy function in one superior pool.

Positioned in one corner of the pool, the lift is a 4' x 5' (1.22 m x 1.52 m) area that stops at any water level for variable depth exercise and treatment protocols. The pool also features a 100 speed water current, deep wells, still water area, and stairs. The interior can be customized with integrated treadmills, variable stair configurations, box steps, and benches.

The largest and most versatile SwimEx pool for professional hydrotherapy, this state-of-the-art aquatic machine has ample room for multi-patient therapy in the same session.

The pool's overall water surface is 10' x 16' (3.05 m x 4.87 m). For an even larger pool, the 1500 T can be extended up to 6' (1.82 m) longer. There are three standard water depths: 48" (122 cm), 60" (152 cm), 72" (1.83 m). Constructed in five finished pieces, the 1500 T can be assembled on-site or at the SwimEx factory.

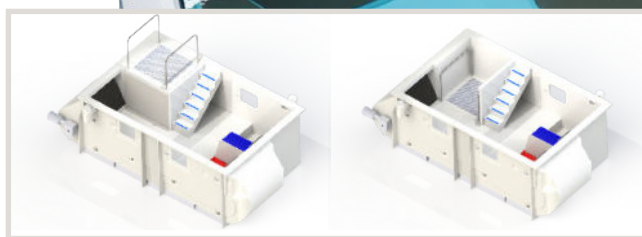

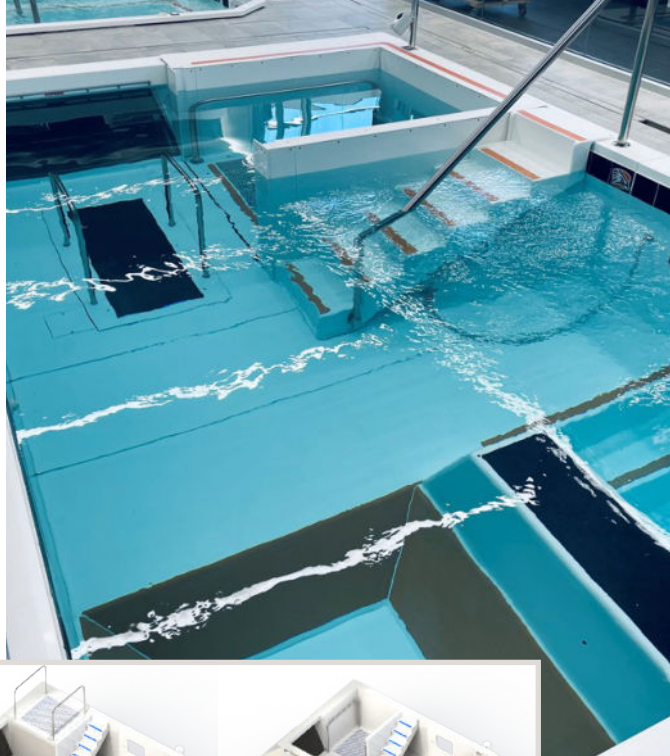

The SwimEx 1500 T is the ultimate aquatic therapy pool to achieve positive outcomes.

FEATURES

1500 T

- Five-piece construction
- Water depths include 72" (183 cm), 60" (152 cm), 48" (122 cm)
- 7.5 HP drive system
- 100 adjustable water current speeds
- Commercial filter, pump & electric heater systems
- Stainless steel front & side handrails
- Two equalization skimmers (required by some health codes)
- In-pool fiberglass steps with handrail
- Rear emergency shut off bar
- Floating thermal blanket
- EDGE touchscreen monitor to measure performance and program sessions
- Waterline tiles
- Professional on-site educational training
- Protocol Book & Aquatic Therapy flash drive
- 4 underwater observation windows
- Exercise bench
- Plyometric pads in 5' (1.52 m) deep area
- Angled Running Pad
- 4' x 5' zero entry work station lift

SPECS

	1500 T
Pool size	23'-3" x 11'-5" x 7'-0" (7.09 m x 3.48 m x 2.13 m)
Water dimensions	16' x 10' (4.87 m x 3.05 m)
Pit size	27' x 18' x 7' (8.22 m x 5.49 m x 2.11 m)
Pool weight with equipment	7,200 lbs (3,265 kg)
Pool volume	8,598 gal (32,542 l)
Pool filled weight	78,950 lbs (35,811 kg)
Load bearing	525 lbs sq ft (2,560 kg/m2)

OPTIONS

1500 T

- Ozonator or UV water treatment
- Underwater lights
- Custom colors or logo tiles
- Hydrotherapy jet system with up to 6 jets (includes 1HP pump and controller)
- Natural gas or propane heater vs. standard electric heater
- Underwater HD video camera system with DVD and monitor
- Exterior video camera and monitor
- Deep tissue massage wand with independent pump
- Integrated motorized treadmill
- 2' (61 cm) extensions, increasing pool length: up to a maximum of 6' (1.82 m)
- Assembly of pool at factory
- Drop in aquatic treadmill
- Deep well covers
- Protocol book and aquatic therapy flash drive
- On-site personal educational in-service
